

CYTE Connect

Our
CONNECT
Solution

Benefit from our best-in-class clinical research platform

Technology challenges in trials

We understand fully the technology challenges that often blight clinical research, leading to needless frustration, delays and increased costs.

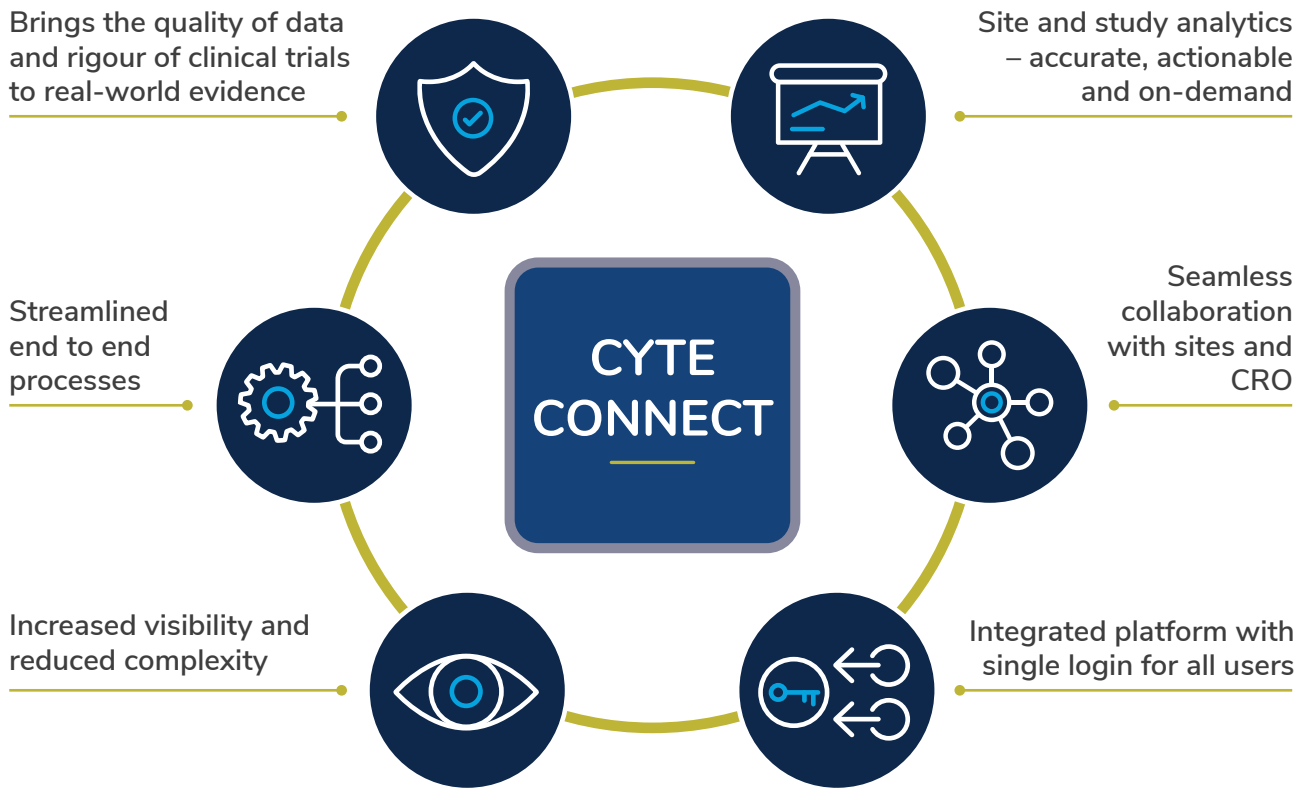

CYTE Connect – An integrated clinical platform

To overcome these challenges, we have developed a highly-customisable platform that allows seamless collaboration between sites, sponsor and contract research organisation (CRO).

CYTE Connect

What CYTE Connect offers sponsors

CYTE – Your research partner of choice

Testimonial

CYTE Connect provides a connected community of researchers with a unified functional platform to facilitate clinical research.

Many of the frustrations of clinical trials experienced by clinicians can be removed and we are able to undertake meaningful studies with accuracy and ease in a timely way.
